5,500 lumens

Ricoh PJ WU5570

RICOH
imagine. change.

Winning communications for the modern workplace or learning centre

Communicating presentations confidently with leading technologies highlights the importance placed on client conferences and student learning, without the assumed high prices.

One projector has it all. High quality WUXGA resolution, a bright 5,500 lumens output and displays up to a huge 300 inches. A complete projection solution for business, education and events. The PJ WU5570 is ideal for audiences up to 50 in conference with HD digital display and two 10W speakers, providing substantial picture and sound quality for meeting and training rooms.

- Vibrant images and colours with WUXGA display, 5,500 lumens and high contrast ratio of 9000:1
- Automatic image correction with horizontal and vertical lens shift and keystone distortion for easy installation
- Compatibility with latest network management utilities makes operation easy for your planned or adhoc presentations
- Integral high-output 10W speakers provide easy to hear audio in large conference rooms
- Connectivity options: wireless LAN, input devices - network PCs, USBs and HD sources including Blu-ray players

High interaction, high usability.

Flexible solution for any space

Bright, crisp presentations from high contrast ratio 9000:1, whether your audience is 1 to 13.5 metres away from the screen. The brightness of 5,500 lumens allows projection onto screens from 30-300 inches, so you are not limited by the size of the room available.

With vertical and horizontal lens shift place the projector where you want and the lens easily adjusts to fit your screen perfectly. For further flexibility, keystone correction (image is placed above actual projector) ensures your audiences can see without the projector obscuring the screen.

Advanced choice of connectivity options

A wide choice of connectivity options allows you to connect a broad range of input sources. There are two HDMI ports including one MHL enabled for connecting mobile devices. A LAN connection allows input from remote network devices and a USB port means that you can screen slideshows without the need for a computer connection. A conventional VGA port is provided along with the latest DisplayPort.

HD quality resolution and high contrast images

Flexibly adjusts to various input sources such as a Blu-ray player in 16:10 screen aspect ratio. Screen HD quality content with a combination of WUXGA 1920 x 1200 pixel resolution and a high contrast ratio of 9000:1. Your audiences will enjoy relaxed, comfortable viewing even during long presentations.

User-friendly installation and operation

Operation is easy with the PJ WU5570. Simple to assemble and compatible with the latest network management and control utilities including Crestron, AMX and PJ Link. Automatic image correction ensures your display area is quickly positioned perfectly, level with your screen and adjusted horizontally to avoid any ceiling fixtures. An optional wireless dongle even allows operation without a wired LAN connection.

RICOH PJ WU5570 - Standard Projector

MAIN SPECIFICATIONS

GENERAL

Projection system:	Single chip DLP
Resolution:	1,920 x 1,200
Panel size:	0.67 inch
Aspect ratio:	16:10
Brightness:	5,500 lumen
Contrast ratio:	9,000:1
(image eco mode)	
Projection screen size:	30" to 300"
Projection distance:	1 to 13.5 m (from rear of unit to projection surface)
Throw ratio:	1.241-2.222
Lamp:	Mercury lamp
Lamp life:	Standard: 3,000 hours (365 W) Eco mode: 1:4,000 hours (292 W)
Zoom ratio:	1.8
Zoom:	Manual
Focus:	Manual
Connection terminal:	Mini D-SUB15pin x 2 (Computer IN) Mini D-SUB15pin x 1 (Monitor OUT) Mini DIN 4pin x 1 (S-Video) RCA_1pin x 1 (Video) D-SUB 9pin x 1 (PC Control) HDMI 1/ MHL in x1 HDMI 2 in x1 Display port x1 3.5 mm mini Jack x1/x2 RCA audio jack (Left/Mono) x1 RCA audio jack (Right) x1
USB:	Mini USB-B x 1 (firmware upgrade)
Wired LAN:	RJ-45 x 1 (10BASE-T/100BASE-TX/1000BASE-T)
Wireless LAN:	LAN IEEE 802.11b/g/n compliant (Option)
Primary features:	Mute (Blank), Freeze, Re-size (Magnify), Manual keystone (vertical, horizontal), Auto keystone (vertical), Password protection, User logo, Eco mode, 3D ready, Wall Colour mode, Kensington lock, Firmware update (USB)
Built-in speaker:	10 W x 2
Dimensions (W x D x H):	424 x 356 x 150 mm
Weight:	6.35 kg
Power source:	100 - 240 V, 50/60 Hz

ECOLOGY

Sound power level (full system):	35 dB
Power consumption:	Operating power: 495 W Energy Saver mode: 395 W Stand-by mode: 1 W
Operating temperature:	5°C - 40°C
Operating humidity:	20% - 80%
Storage conditions:	Temperature: -20°C - 60°C Humidity: 20% - 80%

ACCESSORIES

Set-up guide & safety instructions, Read this first / Manual (Starting Guide), RGB cable, Power cable, CD-ROM and manual, Remote control with batteries, Lens cap, Filter (built-in)

CONSUMABLES

Replacement lamp Type 22
