

Additional functions available only on the SE-S3000 and SE-C3500

Support for 7,000 PLUs

Support for 7,000 price lookups (PLUs) and use at up to 72 departments (30 x 2 departments for the SE-S3000) makes these registers suitable for use in businesses with a wide variety of products, such as retail stores, cafés and restaurants. The scanner function enables fast product registration.

*The SE-C450 supports 72 departments and 3,000 PLUs, and the SE-S400 supports 25 x 2 departments and 3,000 PLUs.

2-sheet printer

Simultaneously print a journal containing the transaction data, along side the customer receipt. Keep the journal for sales confirmation, totalling, and analysis.

Interfaces

Available in 2 drawer sizes

The small-size drawer holds 5 types of coins and 4 types of banknotes. The medium-sized drawer holds 8 types of coins and 4 types of banknotes.
