## Affordability, efficiency and mobility

### **A fast processing A4 colour printer that more than meets the demands of most small to medium sized offices.**

You'll appreciate the low start-up costs and the ability to print quickly and efficiently – thanks to its high-speed processor. Workflow is maximised with WiFi Direct (optional) where you can print from smart devices without connecting to a network. The SP C340DN's paper capacity, handling options and fast network connection all add to its efficient productivity.

- Print from Ricoh mobile apps, AirPrint, WiFi Direct (optional)
- High-speed processor means it's quicker on large print jobs
- Print colour banners of up to 1,260 mm in length
- High paper capacity and 25ppm print speed
- Laser 1200 x 1200 dpi colour printing

# Highly versatile, low cost.

## User friendly, colour quality

The front operation and four-line LCD panel is simple to operate and maintain, ideal for almost any office or business environment. Unobtrusive and efficiently delivering high 1200 x 1200 colour dpi quality at a low cost.

## More print options

With a much greater range of paper handling options and sizes, you can now have a paper range from 64mm in the manual feed tray, right up to long sheets of 1,260mm. All of which means you have more versatility and the ability to produce customer-facing letters, proposals, newsletters, brochures, presentations, envelopes and even banners.

## More mobility, more connectivity

Make the most of the Ricoh Smart Connector app (optional), with your mobile print and scan from the SP C340DN. Added to this is the extra connectivity available through the WiFi Direct (optional), where you can readily transmit data without being connected to a network.

## Fast and efficient

Well suited to versatile and mobile environments, the SP C340DN provides an 1100 sheet paper capacity, enabling fewer interruptions to your printing schedule. Print large files faster with the high-speed processor - and a Gigabit Ethernet adapter for quicker connection.
